UNITEDHEALTHCARE INSURANCE  
COMPANY, a Connecticut corporation,  
UNITED HEALTHCARE, INC., a  
Delaware corporation,

Defendants.

CIVIL ACTION

Case No.: 2:21-cv-03802-MMB

**JURY TRIAL DEMANDED**

**AMENDED COMPLAINT**

NOW comes Plaintiff, Christopher McNaughton, by and through his undersigned counsel, Munley Law, PC and the Law Offices of Scott Glovsky, APC and avers as follows:

**I. THE PARTIES**

1. Plaintiff Christopher McNaughton is a competent adult individual and a citizen of Pennsylvania with an address at 229 Woodland Drive, State College, PA 16803.
2. Defendant UnitedHealthcare Insurance Company, upon information and belief is, and at all relevant times was, a corporation duly organized and

existing under and by virtue of the laws of the State of Connecticut with its principal place of business at 9900 Bren Road, East Minnetonka, MN 55343.

3. Defendant UnitedHealthcare, Inc. is, and at all relevant times was, a corporation duly organized and existing under and by virtue of the laws of the State of Delaware with its principal place of business at 9900 Bren Road, East Minnetonka, MN 55343.

4. United Healthcare Insurance Company and United Healthcare, Inc. are collectively referred to hereafter as “United”.

5. United are insurance companies licensed and authorized to do business within the Commonwealth of Pennsylvania, and did in fact conduct business, including selling policies, adjusting claims and accepting premiums, and conducting insurance activities in the Commonwealth.

6. It is believed and averred that United supervised, directed and controlled the activities with respect to the handling of Plaintiff’s health insurance claim and formulated guidelines and policies for handling, adjusting, negotiating, and paying claims.

7. At all times material hereto, United acted, by and through its agents, ostensible agents, servants, and employees, acting in the course and scope of their agency and/or employment for whose conduct United is liable vicariously or otherwise.

## **II. JURISDICTION AND VENUE**

8. This Court has diversity jurisdiction over this action pursuant to 28 U.S.C. § 1332 because the citizenship of the parties is diverse.

9. The amount in controversy exceeds \$75,000.00 exclusive of interest and costs.

10. Venue is proper in this District pursuant to 28 U.S.C. § 1391(b) as a substantial part of the events or omissions giving rise to the claim occurred in this district.

## **III. FACTUAL ALLEGATIONS**

11. Plaintiff Christopher McNaughton was diagnosed with severe ulcerative colitis in January 2014 at the age of twenty-two.

12. Ulcerative colitis is a chronic disease that causes inflammation and ulcers in the digestive tract. There is no known cure and ongoing treatment is required to prevent serious health consequences.

13. This disease causes McNaughton to have bloody diarrhea up to twenty times a day; severe abdominal pain; severe anemia causing constant fatigue; no appetite; significant weight loss and malnutrition; severe inflammatory arthritis which leaves him unable to walk and requires hospitalization; severe, recurrent, life-threatening, deep vein thrombosis resulting in repeated hospitalizations; repeated fractures and osteopenia; and severe secondary adrenal insufficiency.

14. This disease is horrible, and as a result, McNaughton sought out the best care possible.

15. After seeing many doctors, McNaughton began treating with Dr. Edward Loftus, in May 2014, at the Mayo Clinic in Rochester, Minnesota due to the severity of McNaughton's ulcerative colitis. Dr. Loftus is one of the top gastroenterologists in the country.

16. Over a span of five years after his diagnosis, McNaughton with the assistance and guidance of his physicians has tried numerous treatment regiments in an attempt to treat his condition.

17. In October 2018, after failing all other treatment options and doses, Dr. Loftus prescribed Remicade 20 mg/kg every 4 weeks and Entyvio 600 mg every 4 weeks to McNaughton (the "treatment").

18. The treatment, which McNaughton received via intravenous infusions, was critical to his health and wellbeing.

19. As a result of this treatment in the dosages prescribed by Dr. Loftus, McNaughton was finally able to gain relief from his illness.

20. These medications in these exact doses are medically necessary to control McNaughton's disease.

21. When taking these dosages McNaughton finally got his disease under control. Lesser dosages were not effective in treating McNaughton, but with the

dosages prescribed by Dr. Loftus, his dream of a normal life without pain and suffering was finally realized.

#### **IV. THE POLICY**

22. United issued a school-sponsored health insurance plan, referred to as Blanket Student Accident and Sickness Insurance Plan to the Pennsylvania State University, Policy No. COL-17-PA (PY21) CERT. *See* Certificate of Coverage attached hereto as Exhibit A.

23. The master policy is currently in the possession of United and is unavailable to Plaintiff.

24. Under this plan, United agreed to pay “for Covered Medical Expenses . . . less any deductible incurred by or for an insured Person for loss due to injury or sickness subject to: a) the maximum amount for specific services as set forth in the Schedule of Benefits; and b) any Coinsurance or Copayment amounts set forth in the schedule of Benefits or any benefit provision hereto.” *See* Exhibit A.

25. Under the plan, Covered Medical Expenses include infusion therapy and prescription drugs. *Id.*

26. The plan defines “Covered Medical Expenses” as “reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the

maximum benefit amount payable per service as specified in the schedule of benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a medical necessity; 6) made for services included in the Schedule of Benefits and 7) in excess of the amount stated as a deductible, if any.” *See Exhibit A*, at p. 21, sec. 11.

27. Medical necessity and medically necessary are defined in the policy as follows: “those services or supplies provided or prescribed by a Hospital or Physician which are all of the following: 1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury; 2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury; 3) In accordance with the standards of good medical practice; 4) Not primarily for the convenience of the Insured, or the Insured’s Physician; 5) The most appropriate supply or level of service which can safely be provided to the Insured.” *See Exhibit A*, at p. 23, sec. 11.

28. At all times pertinent hereto, McNaughton was an insured person under the policy.

29. McNaughton is a student at the Pennsylvania State University and is eligible to and did in fact enroll in the school-sponsored health insurance plan issued by United.

30. McNaughton first enrolled in the school-sponsored health insurance

plan on July 1, 2020, and then re-enrolled for the 2020-2021 plan year.

31. McNaughton re-enrolled in the school-sponsored health insurance plan for the 2021-2022 school year.

32. McNaughton pays monthly premiums in exchange for United's promise to cover medically necessary treatments which include the treatment prescribed by Dr. Loftus.

33. Notwithstanding United's legal and contractual obligations, United has unreasonably refused to provide benefits for Plaintiff's medically necessary infusion medications in the dosages prescribed by Dr. Loftus.

**V. UNITED'S HANDLING OF PLAINTIFF'S COVERED MEDICAL EXPENSES**

34. The treatment prescribed by Dr. Loftus was covered by McNaughton's former health plan, Aetna, before McNaughton joined United's health plan.

35. Before McNaughton enrolled in the United plan, United represented to him that his treatment would not require a prior authorization. All that would be required for coverage under the policy, according to United's representations, was a referral from the Penn State University Health Services.

36. In light of these representations and given that McNaughton had the necessary referral, he enrolled in the United Plan under the belief that his treatment would be covered.

37. Initially, United covered the medically necessary treatment in July 2020 and August 2020.

38. However, in September 2020 United suddenly, unreasonably, and without notice, stopped paying for the infusions.

39. United never informed McNaughton in advance that it would no longer pay for the treatment he was receiving, therefore he was not aware that the bills were not being paid.

40. Since United did not inform McNaughton that it failed to pay for his covered medical expenses, he continued to receive the treatment.

41. McNaughton eventually learned that the bills were not being paid. At this point, he had over \$1 million in unpaid treatment bills.

42. Over the next 6 months, McNaughton repeatedly attempted to determine why United had stopped paying for his medically necessary treatments.

43. Finally, on February 1, 2021, a United customer service representative informed the Plaintiff's mother that United had flagged McNaughton's account as a "high dollar amount".

44. As such, United unilaterally and without notice to its insured, stopped paying for Covered Medical Expenses due to its cost and not because the treatment was not covered under the policy. These actions clearly show that United was placing its own interest over its insured.

45. McNaughton proactively contacted the Penn State administration to voice his concern and frustration about United's conduct.

46. On March 5, 2021, McNaughton received an email from the Penn State administration indicating it had spoken with United, and United had agreed to pay for his past infusion bills as well as cover them through August 12, 2021, the end of the 2020-2021 policy term.

47. On March 29, 2021, McNaughton learned, that prior to the 2021-2022 school year, United would require him to undergo a prior authorization of benefits, and that this particular prior authorization was a "special exception" it created specifically for only McNaughton.

48. The special exception was not part of the plan and was only created by United so that it could avoid paying for the Covered Medical Expenses during the upcoming 2021-2022 school year plan.

49. United's conduct was nothing more than a pretextual ruse designed to find a way to avoid payment of Covered Medical Expenses that was due and owed under the plan and to justify United's predetermined position that it would not pay for the expenses due to its high cost.

50. McNaughton complained to United that it was creating new criteria that was not part of the plan in order to deny his treatment.

51. On May 12, 2021, McNaughton learned that United was conducting a

peer-to-peer review with Dr. Loftus.

52. On May 14, 2021, McNaughton received an email indicating that United would not cover the infusions. *See Email attached hereto as Exhibit B.*

53. The email said that the reason for the denial was that in the peer-to-peer review Dr. Loftus agreed that the current treatment was “not appropriate” and that it was “appropriate” for him to receive a treatment protocol suggested by United that would cost significantly less. *Id.* They also stated that Dr. Loftus had agreed to reduce the doses of the medications. *Id.*

54. United’s representation of the statements allegedly made by Dr. Loftus proved to be false and an attempt in bad faith to avoid paying for the covered treatment prescribed by Dr. Loftus.

55. On May 19, 2021, Dr. Loftus wrote a letter stating that McNaughton required the treatments that he prescribed, and that failure to provide these treatments could have “serious detrimental effects on both his short term and long term health and could potentially involve life threatening complications. This would ultimately incur far greater medical costs. Chris was on the doses suggested by United Healthcare before, and they were not at all effective.” *See May 19, 2021 letter attached hereto as Exhibit C.*

56. On May 20, 2021, McNaughton met with the Penn State administration and informed them of the misrepresentations made by United.

57. Penn State informed Plaintiff that it scheduled a meeting with the CEO of United Healthcare Student Resources to address United's conduct in handling Plaintiff's covered medical expenses.

58. On June 4, 2021, after being confronted with the fraudulent statements in the May 14, 2021 denial, United issued a new denial letter to McNaughton advising him that it would not cover his treatments. *See* June 4, 2021 denial letter attached hereto as Exhibit D.

59. In the June 4, 2021 letter, United indicated that McNaughton had "exhausted the internal appeal process." *Id.*

60. At no point prior to issuing the determination made during the internal review process, did United provide McNaughton with the name or other contact information of the employee or department designated to coordinate the Internal Review in direct violation of the terms of the contract. *See* Exhibit A, at p. 28.

61. Likewise, United failed to provide McNaughton notice that he was entitled to submit written comments, documents, records, and other material relating to the request for benefits to be considered when conducting the Internal Review in direct violation of the terms of the contract. *See* Exhibit A, at p. 28.

62. Additionally, prior to issuing its final determination, United failed to provide McNaughton any new or additional evidence considered by United in connection with the grievance and any new or additional rationale upon which the

decision was based in direct violation of the terms of the contract. *See Exhibit A*, at p. 28.

63. United also failed to provide McNaughton with an opportunity to respond to any new or additional evidence or rationale in direct violation of the terms of the contract. *See Exhibit A*, at p. 28.

64. In that letter, United denied McNaughton's medical expenses claiming that the prescribed dosages for the two drugs are not established when using a dual biologic therapy and that the reviewers were concerned with the safety of the prescribed dosage and frequency. *Id.*

65. United's claims were baseless, fraudulent, and outrageous. The claims were directly inconsistent with all the information provided by Dr. Loftus regarding the reason for the prescribed treatment and the excellent medical response by the Plaintiff to that treatment.

66. United was not at all concerned about the safety of its insured as United claimed. Rather United was only concerned about its own financial interests thereby putting Plaintiff's health in extreme jeopardy.

67. The June 4, 2021, letter also advised McNaughton that United would not cover his treatments at the dosage prescribed by Dr. Loftus because it did not meet United's requirements for medical necessity.

68. These statements were directly inconsistent with what Dr. Loftus informed United about McNaughton's prescribed treatment.

69. On June 7, 2021, Dr. Loftus wrote another letter explaining that he never said the things attributed to him in Dave Opperman's fraudulent email on May 14, 2021. *See* June 7, 2021, letter attached hereto as Exhibit E.

70. United ignored and failed to respond to Dr. Loftus' correspondence.

71. Any fair and objective analysis of Plaintiff's treatment would clearly indicate that the treatment prescribed by Dr. Loftus was a Covered Medical Expense and payable under the policy. United does not have a reasonable basis for claiming that Plaintiff's treatment is not covered under the plan and knew or recklessly disregarded its lack of reasonable basis.

72. United has a fiduciary obligation to cover Plaintiff's Covered Medical Expenses and a duty of good faith and fair dealing toward Plaintiff.

73. United has a duty to conduct a prompt, thorough and timely investigation of whether Plaintiff's treatment is a Covered Medical Expense under the plan.

74. Despite information to the contrary, United has proceeded to deny coverage to Plaintiff for Covered Medical Expenses which required the Plaintiff to incur substantial legal fees and expenses to obtain payment for his treatment.

75. United also owes a duty to find information that supports coverage rather than looking for ways to deny coverage as it did in this case.

76. In violation of the plan and the laws of the Commonwealth of Pennsylvania, United, without legal justification, required Plaintiff to incur substantial legal and related expenses that were completely unnecessary for the unlawful egregious conduct of United. The conduct of United includes, but is not limited to the following:

- a. Misrepresenting coverage for covered medical expenses under the plan;
- b. Withholding information and/or documents pertaining to coverage under the plan;
- c. Asserting frivolous reasons for denying coverage under the plan;
- d. Misleading Plaintiff as to what is a Covered Medical Expense under the plan;
- e. Misleading Plaintiff as to the policy information;
- f. Denying payment of Covered Medical Expenses;
- g. Forcing Plaintiff to file a Complaint to obtain payment for Covered Medical Expenses;
- h. Engaging in actions designed to delay or deny the ultimate payment of Covered Medical Expenses;

- i. Misinterpreting its own policy;
- j. Knowing and/or recklessly disregarding the lack of a reasonable basis in denying the payment of Covered Medical Expenses;
- k. Unreasonably making treatment decisions based on financial concerns;
- l. Using utilization guidelines that are unreasonably stringent and stop members from receiving medically necessary care;
- m. Failing to provide notice to Plaintiff that it was not paying Covered Medical Expenses during the 2020-2021 plan;
- n. Failing to give equal consideration to providing coverage to Plaintiff under the plan;
- o. Misrepresenting statements made by Plaintiff's treating physician, Dr. Loftus;
- p. Assuming a fiduciary obligation and failing to carry out the same in good faith;
- q. Ignoring medical information from Dr. Loftus who is recognized as one of the top gastroenterologists in the country;
- r. Forcing Plaintiff to retain counsel and the expenses associated therewith to secure coverage for Covered Medical Expenses under the plan;

- s. Failing to fully disclose and/or misrepresenting the coverage available to Plaintiff under the plan;
- t. Misrepresenting the benefits, conditions and terms of the applicable insurance policy and limits and/or pertinent facts or policy or contract provisions relating to coverage of Covered Medical Expenses at issue in violation of 40 P.S. § 1171.5;
- u. Refusing to pay claims without conducting a reasonable investigation based upon all information available in violation of 40 P.S. § 1171.5;
- v. Compelling Plaintiff to institute litigation and recover amounts due under the insurance policy in violation of 40 P.S. § 1171.5;
- w. Misrepresenting the benefits, conditions and terms of the applicable insurance policy and limits and/or pertinent facts or policy or contract provisions relating to coverages at issue in violation of 40 P.S. § 1171.5;
- x. Failing to affirm or deny coverage of claims within a reasonable time after the claim was submitted by Plaintiff and communicated to the company or its representative in violation of 40 P.S. § 1171.5;
- y. Failing to advise Plaintiff of the acceptance or denial of a claim pursuant to 31 Pa. Code 146.7;

- z. Failing to advise Plaintiff of the investigation of coverage and/or possibility of a coverage issue at a time when the issue was being “investigated” by United in violation of 31 Pa. Code 146.7;
- aa. Unnecessarily requiring the insured to incur the time and expense associated with pursuing his claim for payment of Covered Medical Expenses when United knew or should have known it had no good faith basis to deny coverage or payment of Plaintiff’s treatment;
- bb. Causing likelihood of confusion or of misunderstanding as to the source, sponsorship, approval or certification of goods or services in violation of 73 P.S. 201-2 et seq.;
- cc. Representing that goods or services have sponsorship, approval, characteristics, benefits or quantities that they do not have or that a person has sponsorship, approval, status, affiliation or connection that he does not have in violation of 73 P.S. 201-2 et seq.;
- dd. Advertising goods or services with the intent not to sell them as advertised in violation of 73 P.S. 201-2 et seq.;
- ee. Failing to comply with the terms of a written guarantee or warranty given to a buyer, at, prior to or after a contract for the purpose of goods or services in violation of 73 P.S. 201-2 et seq.;
- ff. Breaching its fiduciary duty of good faith and fair dealing;

gg. Placing its interest over the interest of the insured;

hh. Failing to honestly, fairly, intelligently and objectively evaluate whether Plaintiff's treatment was a Covered Medical Expense under the plan;

ii. Engaging in fraudulent or deceptive conduct which created a likelihood of confusion or misunderstanding in violation of 73 P.S. 201-2 et seq.;

jj. Denying coverage for Covered Medical Expenses because of its cost and thereby placing Plaintiff's health in extreme jeopardy.

77. The conduct of United evidences reckless disregard and indifference to the rights of its insured, the Plaintiff herein.

78. United's denial was done with conscious disregard for the life and safety of McNaughton. United's denial of medically necessary treatment to McNaughton breached the terms of the plan contract and was in bad faith.

79. As a result of the denial, McNaughton has suffered, and continues to suffer, damages, including, but not limited to, economic damages, non-economic damages, and attorneys' fees.

80. As a result of the conduct described above, Plaintiff has unnecessarily incurred legal fees and costs together with related economic loss, physical injury, physical discomfort, emotional distress, and humiliation, associated with United's

failure to honor its health insurance coverage available to Plaintiff and delay in processing the payment of Plaintiff's claims.

81. As a proximate result of the aforementioned unreasonable and bad faith conduct of United, Plaintiff has suffered, and will continue to suffer in the future, damages under the plan contract, plus interest, and other economic and consequential damages, for a total amount to be shown at the time of trial.

82. As a further proximate result of the aforementioned wrongful conduct of United as alleged in this cause of action, Plaintiff has suffered anxiety, worry, and mental and emotional distress, all to Plaintiff's general damage in a sum to be determined at the time of trial.

83. As a further proximate result of the unreasonable and bad faith conduct of United as alleged in this cause of action, Plaintiff was compelled to retain legal counsel and expend costs in an effort to obtain the benefits due under the plan contract.

84. United's conduct described herein was intended by United to cause injury to Plaintiff or was despicable conduct carried on by United with a willful and conscious disregard of the rights of Plaintiff, or subjected Plaintiff to cruel and unjust hardship in conscious disregard of Plaintiff's rights, or was an intentional misrepresentation, deceit, or concealment of a material fact known to United with the intention to deprive Plaintiff of property, legal rights or to otherwise cause

injury, such as to constitute malice, oppression or fraud entitling Plaintiff to punitive damages in an amount appropriate to punish or set an example of United.

85. At all relevant times, United's actions were willful, wanton, reckless and intentional and were based upon and motivated by its pursuit of monetary gain without regard for the resulting damage and injury and deprivation of insurance benefits due and owing its insured.

## Introduction

---

Welcome to the UnitedHealthcare StudentResources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of "Preferred Providers." The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as "Out-of-Network Providers." However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan's web site at [www.firststudent.com](http://www.firststudent.com). The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-888-224-4810, toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-888-224-4810. The Insured can also write to the Company at:

FirstStudent  
P.O. Box 809025  
Dallas, TX 75380-9025

## Notice of Nondiscrimination

---

UnitedHealthcare Insurance Company complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. Coverage for medically necessary health services is made available on the same terms for all individuals, regardless of sex assigned at birth, gender identity, or recorded gender. UnitedHealthcare Insurance Company will not deny or limit coverage to any health service based on the fact that an individual's sex assigned at birth, gender identity, or recorded gender is different from the one to which such health service is ordinarily available. UnitedHealthcare Insurance Company will not deny or limit coverage for a specific health service related to gender transition if such denial or limitation results in discriminating against a transgender individual.

## Section 1: Who Is Covered

---

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All international students (F-1 and J-1 visa holders) and Humphrey fellows are automatically enrolled in this insurance plan at registration and the premium for coverage is added to their tuition billing unless proof of comparable coverage is furnished.

All students enrolled in the Intensive English Communication program are required to purchase this insurance plan unless proof of comparable coverage is furnished.

All undergraduates taking 6 or more credit hours, and students who participate in a Co-Op Work Experience program as part of their required academic program and are enrolled at The Pennsylvania State University, are eligible to enroll in this insurance plan on a voluntary basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured has Dependents and is issued a court or administrative order to provide insurance for those Dependent(s), the Dependents are eligible for insurance without enrollment restrictions:
  - a. On the date the Named Insured is ordered to provide insurance for said Dependent; and
  - b. We receive a copy of the order within 30 days of the date the court order or administrative order is issued.
3. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
  - a. On the date the Named Insured acquires a legal spouse.
  - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

## **Section 2: Effective and Termination Dates**

---

The Master Policy on file at the school becomes effective at 12:01 a.m., July 1, 2021. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., August 12, 2022. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

## **Section 3: Extension of Benefits after Termination**

---

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness, including pregnancy, for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

## **Section 4: Pre-Admission Notification**

---

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

**IMPORTANT:** Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

## Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
  - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
  - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
  - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
  - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
- Accident only coverage.
- Limited benefit health coverage as defined by state law.
- Specified disease or specified accident coverage.
- School accident-type coverages that cover students for accidents only, including athletic injuries, either on a twenty four hour basis or on a "to and from school" basis;
- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement policies.
- State Plans under Medicaid.
- A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
- An Individual Health Insurance Contract.

3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
4. **Secondary Plan:** A Plan that is not the Primary Plan.
5. **We, Us or Our:** The Company named in the Policy.

**Rules for Coordination of Benefits** - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

**Order of Benefit Determination** - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
  - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
  - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.
- The Plan of the parent not having custody of the child.
- Finally, the Plan of the spouse of the parent not having custody of the child.

4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
  - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
  - Second, the benefits under the COBRA or continuation coverage.
  - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

**Effect on Benefits** - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

**Right to Recovery and Release of Necessary Information** - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

**Facility of Payment and Recovery** - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

## **Section 9: Accidental Death and Dismemberment Benefits**

**ADOPTED CHILD** means the adopted child placed with an Insured while that person is covered under the Policy. Such child will be covered from the moment of placement for the first 31 days. The Insured must notify the Company, in writing, of the adopted child not more than 30 days after placement or adoption.

In the case of a newborn adopted child, coverage begins at the moment of birth if a written agreement to adopt such child has been entered into by the Insured prior to the birth of the child, whether or not the agreement is enforceable. However, coverage will not continue to be provided for an adopted child who is not ultimately placed in the Insured's residence.

The Insured will have the right to continue such coverage for the child beyond the first 31 days. To continue the coverage the Insured must, within the 31 days after the child's date of placement: 1) apply to us; and 2) pay the required additional premium, if any, for the continued coverage. If the Insured does not use this right as stated here, all coverage as to that child will terminate at the end of the first 31 days after the child's date of placement.

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than seventy-two (72) hours after the Company's receipt of the EIR request.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

#### **RIGHT TO EXTERNAL INDEPENDENT REVIEW**

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 4 months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company. Upon request of an External Review, the Company shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

  - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
  - b. The Insured Person has exhausted the Company's Internal Appeal Process;
  - c. The Insured Person has provided all the information and forms necessary to process the request; and
  - d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.

2. Within 1 business day after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SER.

  - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall, within 1 business day, advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
5. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
6. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
  - a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SER.
  - b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
  - c. If the Company reverses its decision, the Company shall provide written notification within 1 business day to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.
7. Within 45 days after receipt of the SER request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Commissioner, the Company, the Insured Person and, if applicable, the Authorized Representative.     - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
    - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
  - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;

  - b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
5. a. - b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
6. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
- a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
  - b. Notify the Commissioner, the Company, the Insured Person, and, if applicable, the Authorized Representative.
7. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

#### **Standard Experimental or Investigational Treatment External Review (SEIER) Process**

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.

A request for a Standard Experimental or Investigational External Review must be submitted in writing within 4 months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for a Standard Experimental or Investigational Treatment External Review (SEIER) with the Company.
2. Within 5 business days after receiving the SEIER request notice, the Company will complete a preliminary review to determine that:

    - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;

  - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
- e. The Insured Person has exhausted the Company's Internal Appeal Process; and
- f. The Insured Person has provided all the information and forms necessary to process the request.
3. Within 1 business day after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SEIER.
- a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or

5.
  - a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SEIER.
  - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
6. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
7. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.

## POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

### Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

### Section 1: Accessing Pediatric Dental Services

#### Network and Non-Network Benefits

**Network Benefits** - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can check the participation status by calling the Company and/or the provider. The Company can help in referring the Insured Person to Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 1-877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

**Non-Network Benefits** - these benefits apply when the Insured Person decides to obtain Covered Dental Services from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. When the Insured Person obtains Covered Dental Services from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Allowed Dental Amounts.

#### What Are Covered Dental Services?

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

### **What Is a Pre-Treatment Estimate?**

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

### **Does Pre-Authorization Apply?**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are provided. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

## **Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Exclusions of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

#### **Network Benefits:**

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

#### **Non-Network Benefits:**

Benefits for Allowed Dental Amounts from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Allowed Dental Amounts.

#### **Dental Services Deductible**

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

**Out-of-Pocket Maximum** - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

## Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

## Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

**Allowed Dental Amounts** - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary Fees, as defined below.

**Covered Dental Service** – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

**Dental Emergency** - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

**Dental Provider** - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

**Dental Service or Dental Procedures** - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

**Dental Services Deductible** - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

**Experimental, Investigational, or Unproven Service** - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or

- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

**Foreign Services** - services provided outside the U.S. and U.S. Territories.

**Necessary** - Dental Services and supplies under this endorsement which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
  - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
  - Safe with promising efficacy
    - For treating a life threatening dental disease or condition.
    - Provided in a clinically controlled research setting.
    - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

**Network** - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

**Network Benefits** - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

**Non-Network Benefits** - benefits available for Covered Dental Services obtained from Non-Network Dentists.

**Usual and Customary Fee** - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

## POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

### UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

#### Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this endorsement.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after  $\frac{3}{4}$  of the original Prescription Drug Product has been used. For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting [www.firststudent.com](http://www.firststudent.com) and logging in to their online account or by calling Customer Service at 1-855-828-7716.

Information on Network Pharmacies is available at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

#### Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

## Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject, from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716.

## If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

## Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product. For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

## Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy or a Designated Pharmacy.

## Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

## Step Therapy

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at [www.firststudent.com](http://www.firststudent.com) or by calling Customer Service at 1-855-828-7716.

## Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's choice of Network Pharmacies may be limited. If this happens, the Company may require the Insured to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the chosen Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will choose a Network Pharmacy for the Insured.

## Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may happen without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

**NOTE:** The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access [www.firststudent.com](http://www.firststudent.com) or call Customer Service at 1-855-828-7716 for the most up-to-date tier placement.

## Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. **Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources. - Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. This fee includes a dispensing fee and any applicable sales tax.

"Emergency Medical Event" means an event wherein an Insured Person's medical condition and situation are such that, in the opinion of the Company's affiliate or authorized vendor and the Insured Person's treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person's initial medical facility.

"Home Country" means, with respect to an Insured Person, the country or territory as shown on the Insured Person's passport or the country or territory of which the Insured Person is a permanent resident.

"Host Country" means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person's Home Country.

"Physician Advisors" mean physicians retained by the Company's affiliate or authorized vendor for provision of consultative and advisory services to the Company's affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company's affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn't notify the Company's affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

## MEDICAL EVACUATION AND REPATRIATION BENEFITS

**Emergency Medical Evacuation:** If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the *Medical Director* of the Company's affiliate or authorized vendor, the Company's affiliate or authorized vendor will provide an emergency medical evacuation (under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

**Dispatch of Doctors/Specialists:** If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

**Medical Repatriation:** After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the *Medical Director* of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

**Transportation after Stabilization:** If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person's originally booked travel arrangements) to the Insured Person's original point of origin, Home Country or Host Country.

**Transportation to Join a Hospitalized Insured Person:** If an Insured Person who is travelling alone is or will be hospitalized for more than three (3) days due to a Sickness or Injury, the Company's affiliate or authorized vendor will coordinate round-trip airfare for a person of the Insured Person's choice to join the Insured Person. The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

**Return of Minor Children:** If an Insured Person's minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person's Injury or Sickness, the Company's affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person's Home Country. The Company's affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company's affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor children (or upgraded transportation to match the Insured Person's originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor children back to the Insured Person's Home Country.

**Repatriation of Mortal Remains:** In the event of an Insured Person's death, the Company's affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person's cremation or the return of the Insured Person's mortal remains. The Company's affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence.

**Subject:** 2021-2020 Treatment Coverage

Good Afternoon Janice/Christopher,

At this time the review for pre-determination of benefits for the 2021-2022 with UnitedHealthcare StudentResources is complete and a decision has been rendered. Kara and I have worked closely with the United team in order to make sure this situation received a full review and determination.

I did want to take a minute to again outline the process we went through in making this determination.

United Healthcare manages infusion drugs for safety, efficacy and cost management and the drug criteria may change frequently for a variety of different reasons. Changes to drug policies are made on a frequent basis in conjunction with US FDA changes to the drugs, clinical research, and recommendations by professional organizations, State and Federal mandates, and Standards of Medical Care guidelines.

- There are a variety of ways criteria for a drug may change. Some of these changes include:
  - Stricter criteria guidelines due to safety and efficacy concerns based on US FDA decisions.
  - Changes to a preferred version of a drug class or change to a non-preferred drug.
  - Changes to the indications (diagnoses) for which a drug is approved.
  - Changes to allowable dosages and frequencies of drugs.
  - Additional criteria based on Standards of Care for review. (i.e., conservative treatments added that must be tried by the patient first before starting the infusion drug regimen.)

#### Approval Process for Drug Infusion Claims

- Drug infusion approvals change from year to year and the decision is based on the criteria that is active at time of claim receipt.
- Although a majority of the reviews of drugs are approved for criteria met by a clinical reviewer (RN), if criteria is not met, the records are sent for further review by a Medical Director to determine Medical Necessity or determine if exception is warranted.
- If there remains questions on approval at this point or if a denial determination is made the next step is to have a Peer to Peer review set up with the prescribing physician.

When the records were first reviewed by our clinical reviewer, a positive determination could not be made because the insured is getting double the FDA approved dosing for both Entyvio and Remicade. Additionally, the insured is prescribed to receive both of these drugs in tandem and that is not allowed per criteria for both drug manufacturers. At this point, we requested that United refer this for review by their Medical Director, which they did. The Medical Director agreed that the drug infusions as prescribed were outside of the currently established FDA and manufacturer guidelines. However, since the treat regime was so unique and being prescribed by a Mayo clinician, it was determined that we would defer

any decision at this time and set up a peer to peer review with the prescribing physician. This review took place late Wednesday afternoon. Based on that peer to peer review, the United reviewer determined after speaking to Dr. Loftus, it is medically necessary for this member to receive Entyvio and Remicade together as a treatment. However, they also collectively determined that the current dosage is still not appropriate and that it is appropriate for them to receive the following doses as per FDA guidelines: For Entyvio, 300mg every 8 weeks; for Remicade, 5mg per kg every 8 weeks. Based on this determination, we will cover this treatment next year but at the reduced dosage and Dr. Loftus will work with the patient to start titrating them down to a normal dose range.

As an aside, below are the credentials of our Medical Director.

After your review of the preceding, should you have any questions or the need for additional information, please do not hesitate to contact me.

Thanks

RE: Christopher A. McNaughton  
MC#: 9-038-554  
DOB: 6/11/1991

To Whom It May Concern:

Christopher McNaughton is a patient under my care at Mayo Clinic in Rochester, Minnesota. I have been managing his ulcerative colitis for the past 7 years. His disease has been severe and difficult to treat.

Chris has a 7-year history of refractory ulcerative colitis, and he had been steroid-dependent despite multiple medications. He is currently on an intensive regimen of Entyvio, Remicade, azathioprine, allopurinol, mesalamine suppositories, and budesonide foam. With this regimen, Chris is in clinical remission from his ulcerative colitis.

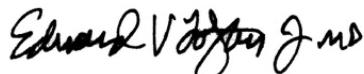

It is therefore my strong recommendation that Chris continue with his current treatment regimen of Remicade 20mg/kg every 4 weeks and Entyvio

600 mg every 4 weeks. The combination of Remicade 20 mg/kg every 4 weeks and Entyvio 600 mg every 4 weeks has been crucial in allowing him to finally taper off high dose prednisone after 5 years, and avoid the substantial side effects that come with long term prednisone use. This treatment protocol has helped Chris to achieve and maintain his current level of health and avoid frequent and recurring hospitalizations as well as extraintestinal manifestations. The combination of Remicade 20 mg/kg every 4 weeks and Entyvio 600 mg every 4 weeks was arrived upon after Chris failed numerous other treatments over a 5 year period. If Chris were to do the regimen suggested by United Healthcare (Remicade 5 mg/kg every 8 weeks and Entyvio 300 mg every 8 weeks), it would have serious detrimental effects on both his short term and long term health and could potentially involve life threatening complications. This would ultimately incur far greater medical costs. Chris was on the doses suggested by United Healthcare before, and they were not at all effective.

To reiterate, it is my strong recommendation that Chris continue with his current treatment regimen of Remicade 20mg/kg every 4 weeks and Entyvio 600 mg every 4 weeks.

Feel free to contact me if you have any questions or require additional information.

SRID#: 8250035  
Policy: 20-3694-01  
Legal Entity: United Healthcare Insurance Company

Dear Christopher McNaughton:

This is to acknowledge your request for consideration of coverage for your medications, J1745-Remicade 20mg/kg every four weeks and J3380-Entyvio 600mg every four weeks for the 2021-2022 policy term.

As previously communicated to you, your medical records were reviewed to determine whether the medication you have been prescribed is medically necessary. The records have been reviewed three times and the medical reviewers have concluded that the medication as prescribed does not meet the Medical Necessity requirement of the plan. In addition, a peer-to-peer review was conducted between your physician and a medical expert representing our company. Our medical representative determined that use of Remicade and Entyvio together is supported in this case. However, it was also determined that the prescribed dosages for the two drugs are not established when using a dual biologic therapy. The concern from the reviewers is the safety of the prescribed dosage and frequency.

In accordance with the conclusions of the reviewers, the two prescribed medications, Remicade and Entyvio, will not be covered at the prescribed dosage under the Penn State Student plan for the 2021-2022 academic year. Please understand that the reviews have been conducted in advance of you enrolling in the 2021-2022 Penn State student plan to give you an opportunity to make an informed decision about your health insurance coverage for the upcoming academic year.

Please note this is not a treatment decision. Treatment decisions are made between you and your physician. This is a denial for benefits under the plan for the prescribed treatment.

An insured person or their authorized representative may have the right to have this decision reviewed by healthcare professionals who have no association with us when the treatment in question:

1. Is a covered medical expense under the policy; and
2. Is not covered because it does not meet the Company's requirements for medical necessity, appropriateness, healthcare setting, level of care, effectiveness or the treatment is determined to be experimental or investigational.

You have the right to have this decision reviewed by an external independent third party who has no association with us. You or your authorized representative, such as a family member or physician, may request this external review as you have exhausted the internal appeal process.

The insured person or their authorized representative has four (4) months to request an external review of

this final determination. The request for an external review should be made in writing to the Company. When filing a request for an external review you will be required to authorize the release of medical records. If requesting an external review, complete and return the enclosed form along with your written request to:

Claims Appeals  
 UnitedHealthcare Student Resources  
 P.O. Box 809025  
 Dallas, Texas 75380-9025

An insured person or their authorized representative may submit a request for an expedited external review if one of the following applies:

- If the insured person has a medical condition where the time-frame for completion of an expedited internal review or a standard external review would seriously jeopardize the life or health, or jeopardize the insured person's ability to regain maximum function.
- If the denial of coverage is based on a determination that the recommended or requested service or treatment is experimental or investigational and the treating physician certifies in writing that any delay may pose an imminent threat to the insured person's health.
- If the denial of coverage involves an admission, availability of care, continued stay, or health care service for an insured person who has received emergency services, but has not been discharged from a facility.

An expedited external review may not be provided for retrospective adverse determinations

There may be other resources available to help understand the appeals process. For questions about appeal rights or an adverse benefit determination, the state department of insurance may be able to assist at:

DOB: 6/11/1991

To Whom It May Concern:

The statements from United Healthcare/First Risk Advisors contained in the email from Dave Opperman (President First Risk Advisors) dated Friday May 14, 2021, are an inaccurate account of the Peer-to-Peer Review that took place Wednesday May 12, 2021. I did not agree that Chris' current treatment regimen was "not appropriate," and I did not agree to "titrate him down." As detailed in my letter dated May 19, 2021, I strongly recommend that Chris continue with his current regimen of Remicade 20 mg/kg every 4 weeks and Entyvio 600 mg every 4 weeks. I emphasized this during the Peer-to-Peer Review. What United Healthcare/First Risk Advisors is alleging is an inaccurate representation of what took place during the Peer-to-Peer Review.

Feel free to contact me if you require additional information.

Sincerely,
